Ordering Information

Online

Point and click! Ordering takes only seconds when done online through our secure server. Every order is immediately confirmed by email before your credit card is charged. We accept Visa, MasterCard, Amex, Discover, and Paypal for online orders. To order online, visit our website at www.VersaTables.com.

Telephone or Email

Orders are accepted 7:00am – 5:00pm PST Mon-Fri. Our friendly, knowledgeable sales staff will be able to answer any questions you might have, and process your order quickly. To place your order over the phone, call **800.416.3961** or **310.353.7100**. To reach us by email: sales@versatables.com.

Purchase Orders

We accept purchase orders from approved businesses. Please fax purchase orders to us at **310.353.7109** or email them to sales@versatables.com.

All Purchase Orders Must Contain the Following:

1. Purchase order number
2. Bill-to address with phone number/extension for Accounts Payable
3. Ship-to address with destination phone number and special instructions if necessary

Please mail purchase orders to:

VersaTables
14105 Avalon Blvd
Los Angeles, CA 90061

To apply for approved business status you must fill out a Credit Form. This form can be downloaded in PDF format online at <http://www.versatables.com/pages/info/orderinfo.php>.

Price Quotes

Online Price Quotes

The fastest way to obtain a price quote is to use our online ordering system. Add any items to your shopping cart, and our website will calculate quantity discounts automatically. Print the shopping cart content page to use it as a formal price quote. Then, simply fax or mail it to us with your purchase order.

Price Quotes by Phone

You can also call us at **800.416.3961** or **310.353.7100** to receive a quote over the phone. Give one of our friendly sales staff your name, address, desired products and quantity, and we will fax or email you a detailed price quote within only 30 minutes.

We at VersaTables would like to thank you for considering our products in your search for the highest-quality and most affordable computer furniture on the market. In addition to our outstanding customer service and exceptionally durable product lines, VersaTables emphasizes several core features which set us apart from our competition: Lifetime Warranty, Fast Shipping and Quantity Discounts. With over 15 years of manufacturing experience and thousands of satisfied customers, we are confident that our extensive line of versatile and durable tables, desks, carts, and accessories will exceed your highest expectations.

We believe in providing customers with only the highest quality. Only 14-gauge steel frames and laminated wood surfaces are used to make VersaTables products, and every item is hand inspected by our on-site professionals.

As a part of our commitment to producing only high-quality products, VersaTables offers a Lifetime Warranty and a 30-day "no questions asked" return policy. On all products our goal is to ensure that every VersaTables customer is not only satisfied, but pleased with their purchase decision.

VersaTables continues to offer fast 7 day shipping on all orders delivered within the contiguous 48 United States. Expedited shipping, inside delivery, and on-site installation can be arranged upon request for your convenience.

You can find additional information about our manufacturing processes, environmental concerns, product testing/certifications, GSA contract pricing, and extensive product listings on www.VersaTables.com. Thank you again for your consideration, and please do not hesitate to contact us with any questions or concerns.

Starting at \$1,495.00

#STSBC

Sit to Stand Desk

Adjustable height table elevates from 25"- 50" or 28"- 53" with wheels at the touch of a button. Our electric lift works quickly and seamlessly to the height for your comfort. Made with our exclusive whiteboard surface that works with your own regular dry erase makers enabling you to brainstorm and take notes like never before.

Starting at \$899.00

#STSD

Electric Sit to Stand Computer Cart

This cart allows you to stay healthy by making it easy to reduce your number of sitting hours throughout the work day. The top platform adjusts from 43" to 56" while the lower platform adjust from 36" to 49". The lifting mechanism is tastefully concealed inside the central support column of the desk.

Starting at \$599.00

#STSCC

Edison Electric Table

Designed to lift and lower the table surface with a touch of a button, the Versa Tables Edison Electric Lift Table is perfect for multi-user environments like training facilities, classrooms, and computer labs, or anywhere in which users may need to adjust the table height frequently. Perfect as a standing desk.

Starting at \$899.00

Edison Electric Lift Drafting Table

The Edison Electric Lift Table includes all of the best features of our professional drafting tables with the added convenience of true electric-powered sit-to-stand height adjustment. With the simple press of a button the table height can be adjusted anywhere from 24" up to 50", and the manual tilting surface provides up to 45 degrees of tilt for maximum ergonomic comfort.

Starting at \$1,269.00

#ELE-DT

Tables, Desks & Podiums

Basic Computer Table

The VersaTables fixed-height Basic Computer Table provides a simple, ergonomic workspace for single or dual users. With fifteen size options and widths ranging from 30" to 72", the Basic Computer Table is ideal for work, home, or educational environments.

Starting at \$229.00

#BCT

Deluxe Height Adjustable Computer Table

With fifteen available size options, our Deluxe Height Adjustable Classroom Table is one of the most versatile single, or multi-user options on the market.

Starting at \$359.00

Enclosed Versa Desk

Available in eight color combinations, the Enclosed Versa Desk is one of our most popular. Ideal for offices or classrooms, this desk comes in four width options (36", 48", 60" and 72") and a fixed depth of 30". The 60" and 72" desks accommodate two users, increasing space efficiency in small areas.

Starting at \$329.00

#CD

Downview Adjustable Computer Table

The Downview Adjustable Classroom Table keeps the desktop clean and clear with its unique design that allows you to mount the monitor of up to 24" below the surface of the desk. Glare-resistant glass protects the monitor and makes viewing easy on the eyes.

Starting at \$529.00

#DVT

Revolution Table

Our most versatile table, the VersaTables Revolution Table brings the timeless elegance of a writing desk to the technologically advanced work or educational environment. With their unique rotating panels designed to hide a mounted computer monitor below the surface of the table when the computer is not in use, you will love this table.

Starting at \$669.00

Junction Table

Say good bye to the traditional, unappealing folding table that is heavy to carry and pinches your fingers as you set it up. Our attractive flip-top Junction Table is beautiful, classic, and mobile. With fifteen size options to choose from ranging from single to multiple user, the Junction Table's unique design allows the table top to vertically angle down to a vertical position for space-saving storage.

Starting at \$389.00

#JT

Tables, Desks & Podiums

Revolution Desk

Available for one or two users, the Revolution Desk provides a versatile computer desk for classrooms, training facilities, homes, and other environments where computers are needed but not always in use. The superb design features a rotating panel in the desktop's surface.

Starting at \$789.00

#RSD

Downview Computer Desk

#DTS-STOOL

Medical Task Stool

Height adjustable from 21" to 27", this wide 25" x 25" Medical Task Stool offers an aesthetically pleasing, ergonomic seating option for exam rooms, dental offices, and surgical centers. Easily adjustable with a one-touch lever, the gas lift makes changing the height of this stool quick and simple, while the chrome base and dual wheel casters allow for fluid movement.

Starting at \$119.00

#MTS

Kinetic Stack Chair

Simple and elegant, our Kinetic Stack Chair is durable and lightweight. Designed to stack quickly and easily, the sturdy chrome frame provides a solid base for the 18" x 18" black polypropylene seat and 19" h x 12" w back. Ergonomic in design, the Kinetic Stack Chair offers superior lumbar support designed to combat fatigue. Four glides prevent unsightly floor marks and assist in making this chair easy to remove when stacked.

Starting at \$69.00

#VSCB

Sleeper Chair

Imagine a chair that allows for you to sit or fully recline with ease, all while offering USB and electrical charging options for all your devices, a swivel and tilt adjustable lap table, and enclosed storage space. All of this plus a seat warmer and LED Light option can be a reality when you are in the Sleeper Chair by VersaTables.

Starting at \$1,399.00

Accessories

Basic Keyboard Arm and Tray

Our ergonomically designed Basic Keyboard Arm and Tray not only reduces the risk of repetitive motion injuries like Carpal Tunnel Syndrome, but also looks beautiful with one of four attractive, scratch-proof finishes. User comfort is the focus on this keyboard arm and tray which tilts up to 15 degrees with a simple twist of a knob and lifts/lowers up to 6 inches with a single touch, making it easy to adjust positions frequently without disrupting workflow.

Starting at \$99.00

#BKA

Deluxe Pivoting Keyboard Arm and Tray

Designed to be our most comfortable, the Deluxe Keyboard Arm and Tray incorporates the latest developments in ergonomics with simple, effortless adjustment systems. With a twist of a knob, users can adjust tilt up to 15 degrees; effortlessly lift or lower the articulating keyboard 6 inches; or slide the arm forward and back multiple times throughout the day to prevent fatigue.

Starting at \$139.00

#DKA

Sit to Stand Keyboard Arm and Tray

Our ergonomically designed Sit to Stand Keyboard Arm and Tray not only reduces the risk of repetitive motion injuries like Carpal Tunnel Syndrome, but also looks beautiful with one of four attractive, scratch-proof finishes. User comfort is the focus on this keyboard arm and tray which tilts up to 15 degrees with a simple twist of a knob and lifts/lowers up to 6 inches with a single touch, making it easy to adjust positions frequently without disrupting workflow.

Starting at \$299.00

#STSKT

Keyboard Drawer

Reduce the risk of repetitive motion injury with our VersaTables Keyboard Drawer. Ergonomically designed by human factors engineers, the scratch-proof steel tray is available in two sizes: 20" x 14" or 24" x 14". With a clearance of 4.5" from the bottom of the table or desk top, it is thinner than most keyboard trays on the market while still allowing for enough space to protect a full-sized keyboard.

Accessories

Enclosed CPU Holder

The most important part of your computer is the CPU, which many people still store on the floor, under the desk where it can easily be kicked, knocked around by brooms and vacuums, or susceptible to water damage. Protect your data and minimize downtime by adding an Enclosed CPU Holder. Compatible with the majority of our desks and tables, the Enclosed CPU Holder accommodates any case between 3.5" and 9" in width, and all heights.

Starting at \$49.00

#ECPU

Sit to Stand CPU Holder

Protect your computer from accidental damage with our Sit to Stand CPU Holder. The unique steel design of the CPU Holder provides safe storage for your CPU while also offering the flexibility to reposition the location of the CPU as necessary. Compatible with nearly every CPU on the market, this holder supports cases of 1.3" to 11" wide and up to any height due to its independently adjustable top and bottom brackets.

Starting at \$79.00

#STSCH

Electric Table CPU Holder

Protect your data and minimize downtime by adding a CPU Holder to your Electric Table. Compatible with any size of our VersaTables ELE-TB Electric Tables, the Electric CPU Holder accommodates any case between 1.3" and 11" in width. By mounting your CPU on your Electric Table with an ELE-CPU it will be easier to adjust the table all the way up to maximum height without exceeding the length of your monitor, mouse and keyboard cables.

Starting at \$79.00

#ELE-CPU

CPU Holder Cart-Stand

The most important part of your computer is the CPU Tower, which many people still store on the floor, under the desk where it can easily be knocked around by brooms and vacuums, or be susceptible to water damage. Protect your data and minimize downtime by adding an elevated CPU Holder Cart or Stand. Compatible with any desk or table, the CPU Holder Floor Stand accommodates any case between 3.5" and 12" in width, and all heights.

Starting at \$49.00

#CPU-STAND

Kinetic Stack Chair Holder

Designed to add mobile storage for the Kinetic Stack Chair.

Starting at \$89.00

#ACC-SCH

Floor to Table Cable Connection Kit

The 22" Floor to Table Connection Kit is a simple, but effective cable management system that protects cables, prevents trip hazards, and creates an all-around more attractive environment. In areas like offices and classrooms where floor outlets are common, this solution ensures that cables will not be damaged by mops and vacuums, and in high traffic areas, the single, easy-to-see channel is far superior to a mess of different length cables spilling out.

Starting at \$11.00

#CMK-F2T

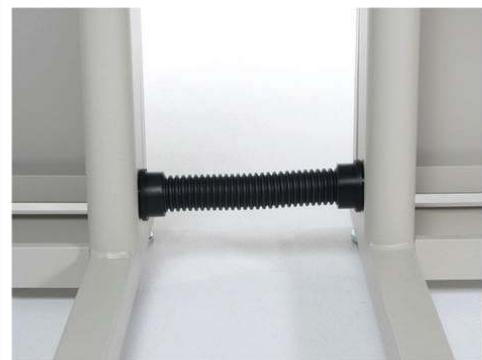

Table to Table Cable Connection Kit

Created to increase the aesthetics of rooms with multiple desks like a computer lab or bullpen area, the 9" Table to Table Cable Connection Kit protects and hides cables that run between desks or to the floor. Designed to be used with the grommet holes found in all modesty panels on our desks, this sleek but simple solution ensures that cables and hardware stays safe while providing a cleaner, more attractive environment.

Starting at \$9.50

#CMK-T2T

Basic Cable Management Kit

The mess of cables under your desk that make cleaning difficult and always seem to catch on the heels of your shoes could be gone in minutes. Our Basic Cable Management Kit provides a simple but effective solution for preventing the inadvertent dislodging of cables by users or vacuums, protecting hardware and preventing trip hazards.

Starting at \$6.50

#CMK

Versa Power Infeed

The ultimate in flexibility and comfort are just two of the reasons that this upgraded accessory is so popular. The superior performance and stylish scratch-proof finish of the Keyboard Arm and Tray models are second to none.

Starting at \$139.00

#VP-IF

Deluxe Cable Management Kit

Reduce trip hazards, protect cables, and clean up your workspace with the Versa Deluxe Cable Management kit.

Starting at \$19.00

#DCMK

Deluxe Cable Management and Power Kit

With one 8" flexible tubing, twenty-four 14" black cable ties, twenty-four 8" black cable ties, twenty-four cable tie mounting pads with rubber adhesive that stick to almost any surface, four duplexes (each with 2 outlets), one short connector cord, and one long connector cord, this all-inclusive kit reduces clutter associated with nests of cables and streamlines power capabilities for multiple desks.

Starting at \$49.00

#DPCMK

Desktop Power Supply

Equipped with two standard outlets and two USB ports, the Desktop Power Supply allows you to bring power where it's needed—right to the desktop. The compact device also works as a cable management system, allowing you to run cords and cables under the table's surface and keep outlets close to electronic devices, eliminating the need for extension cords. The Desktop Power Supply mounts to all grommet holes on any of our desks or tables.

Starting at \$69.00

#ACC-DPS

6 Outlet Power Surge Strip

Designed for safety, this 6-Outlet Power Strip has been factory tested and UL listed. The built-in circuit breaker prevents overloading of the power strip. All outlets are grounded to protect you. Electrical Rating: 125 Volts AC, 15 Amps, 1800 Watts. Max Surge Voltage: 6KV. Maximum Surge Dissipation: 180 joules. Max Spike Current: 12000 Amps. Clamping Response Time: Less than 1 nanosecond. Temperature Range: -40 C to +80 C. This model has a 4ft power cord.

Starting at \$25.00

#SURG6

Battery Backup and Surge Protector UPS

The 350VA 6 Outlet Battery Backup and Surge Protector UPS will not only keep your equipment safe from harmful power surges, it will also supply enough battery power to allow for the safe shutdown of sensitive equipment, or for a new power source to be found without interruption. The average backup runtime of this unit is 6 minutes with an average load, but it can run as long as 24 minutes under optimal conditions.

Starting at \$89.00

#BACKUP350VA

4 pc Basic Wheel Kit

Make it mobile with our Basic Wheel Kit! Our wheel kit comes with four 4" steel casters coated with soft, non-marking rubber tread. Able to withstand up to 400 lbs. each, our wheel kit provides flexibility in reconfiguring tables, desks, and filing pedestals whenever you need it. Cleaning, moving, and redecorating become effortless. Two of the four wheels are equipped with an easy locking device to prevent unwanted movement or slipping.

Starting at \$49.00

Here at VersaTables, we strive for outstanding quality, value, and service. We are so confident that you will be satisfied with your purchase from Versa Products, Inc., we guarantee every product with a no-hassle Lifetime Warranty.

VersaTables Lifetime Warranty

Versa Products, Inc. warrants every product to be free from defects in materials and workmanship for the lifetime of that product. We will repair or replace any defective part or product once inspected by an authorized VersaTables representative. If you feel you've received a product with any type of defect, please contact us at **310.353.7100** or email us at **Support@VersaTables.com**. Our customer service agents are committed to resolving your problem as quickly as possible.

Versa Products, Inc. 30-Day Satisfaction Guarantee

We guarantee customer satisfaction on every item purchased from VersaTables. If you are not completely satisfied, you may return the product within 30 days of your purchase date for a refund, minus shipping. If you have ordered a quantity of greater than two units, only one product may have been opened for evaluation. Opening of additional products is an acceptance of the entire order. All shipping on returns is paid for by the purchaser. For orders of more than one unit there is an 18% restocking fee. Custom orders are not refundable.

Our Success

There are several reasons why our customers keep coming back!

- Our Lifetime Warranty covers every aspect of our products
- Our 30-Day Money Back Guarantee ensures customer satisfaction
- We coat all wood surfaces with Nevamar Laminate — the most durable on the market
- Our DuPont powder coat paint is highly resistant to chips and scratches
- Product frames are constructed from maximum strength, using 14 gauge steel
- Because we ship directly from our facility, products arrive at your door quickly and efficiently
- We offer quantity discounts beginning with only three like items
- All unique assembly tools are included
- Easy-to-read, full-color assembly instructions are available on our website, and are included with each shipment

Our Vision for a Healthier World!

VersaTables Environmental Statement

Welcome to our vision for a healthier world! We at VersaTables have always had a strong belief in doing our part to protect the environment, despite the additional short-term expenses of time, money, and manpower. We believe that the long-term protection of our planet's limited natural resources is more important than increasing our profit margins. Toward that end, our corporate strategy at VersaTables has always been to produce quality products at a fair price, while keeping our environmental impact to an absolute minimum. We focus our efforts on three primary categories for environmental conservation: paperless order processing, green manufacturing practices, and energy efficient facilities.

Paperless Processing

Every aspect of the VersaTables order processing system – from online electronic order placement to our paperless E-Fax system – the presence and necessity of paper printouts is kept to a bare minimum. We are actively engaged in ongoing projects to find the most efficient and environmentally friendly ways to reduce the use and necessity of wasteful by-products.

Manufacturing Practices

VersaTables has gone to great expense to implement numerous green manufacturing processes aimed at substantially reducing the production of air and water pollutants that are common among our competitors.

Our closed-loop powder painting system, non-toxic laminates, and natural latex edging strips provide a few examples of our dedication to environmentally friendly manufacturing. In regards to the wood used in our products, we carefully consider specific practices associated with growing and harvesting trees, such as providing stream buffers, protecting wildlife habitats and preventing soil erosion. Examples of the certifications and programs that our wood products are associated with include the Sustainable Forestry Initiative (SFI) and the Forest Stewardship Council (FSC). As if that were not enough to show VersaTables' concern about the environment, we only use 100% recycled steel for all of the frames and sheet metal components of our tables, desks, and carts.

Facilities

Our third focus is on the daily energy consumption of our manufacturing and office facilities. At VersaTables, we strive to use the latest environmentally friendly machines and techniques to reduce our energy use. Practices as simple as utilizing 95% natural light coverage instead of standard fluorescent lighting have decreased our electricity demands significantly.

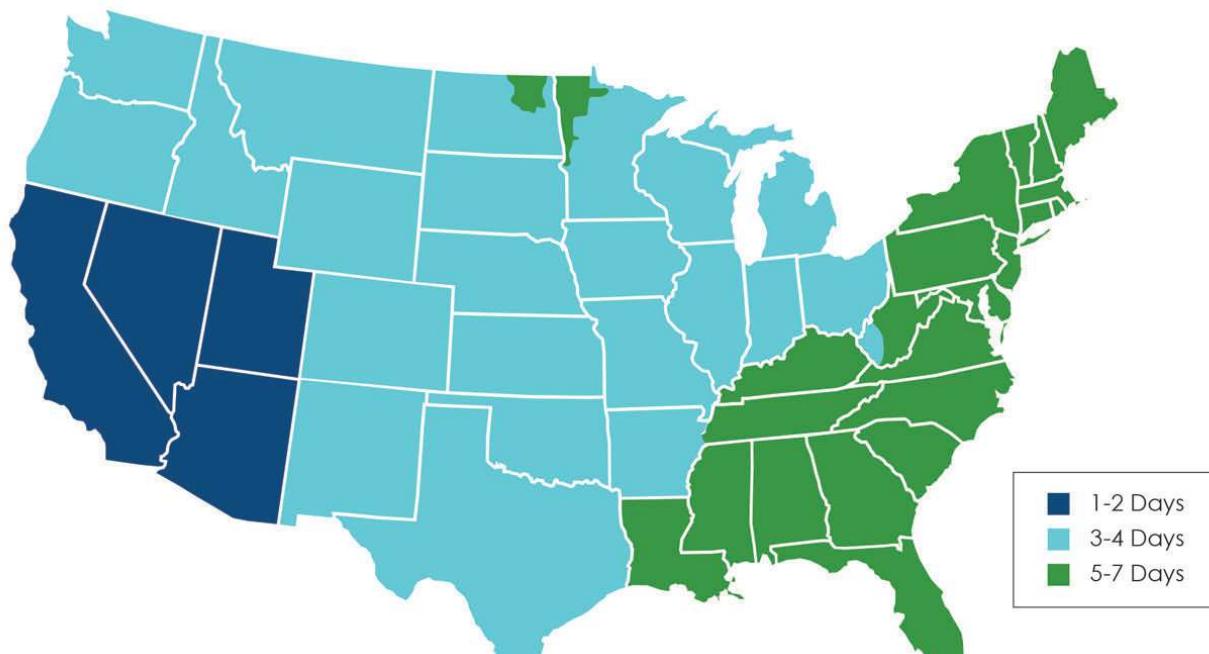

VersaTables Policy

VersaTables is dedicated to consistently researching and implementing new processes, practices and systems in an ongoing effort to find the most efficient and environmentally friendly means of producing the cleanest computer furniture available on the market today.

Shipping & Transit

VersaTables Shipping

With VersaTables, shipping is always fast within the 48 contiguous United States! Our goal is to always ship your products in the safest manner possible. We have developed relationships with multiple carriers specializing in different kinds of freight. For shipments under 50 lbs, we use either UPS or Fedex to send your products quickly. For shipments larger than 50 lbs, we often use carriers such as Yellow, Pilot, or Roadway because they are better at handling larger freight safely. The image below shows our primary carriers and the expected transit time within the United States.

Shipping Costs

We offer competitive shipping costs for all of our products, regardless of quantity, being shipped to any location within the 48 contiguous United States. Shipping to locations outside of the 48 states will be determined for each individual situation.

Shipping Methods

Most orders are shipped via prepaid truck freight; we ship this way because it provides the fastest and safest mode of transportation for our products. Smaller products usually ship via UPS or FedEx. We use a wide variety of carriers to provide timely delivery service to you, the customer. Special options such as Lift-Gate Delivery, Inside Delivery, On-Site Assembly, and Rush/Overnight Delivery can be arranged prior to shipping.

Shipping Time

Most orders are shipped out within 1-2 business days and spend only 1-5 days in transit depending on the final destination. Custom and large volume orders may take slightly longer.

Tracking

We will email you all of your tracking information immediately upon shipping your order. If there happens to be any type of delay in shipping your order, we will call or email you with a status report.

Please Note

The freight company will notify you prior to delivery to make arrangements. The drivers are subject to a number of regulations, one of which is that they are not required to give any assistance in unloading freight. Please be prepared for "curbside" delivery, as you are responsible for unloading the item(s) and placing them in your home, facility or business. If you have any concerns about shipping arrangements, please contact us before placing your order.
